

Certificate of Completion

THIS CERTIFIES THAT
CALEB FELLOWES

has participated in the following education session:

Neuropathic Pain Management

Presenter The Nursing CPD Institute

In this session you will:

- Gain an understanding of the revised definition for neuropathic pain
- Acquire knowledge regarding signs and symptoms associated with neuropathic pain
- Identify recommended tests to assist in diagnosing neuropathic pain
- Gain an awareness of the medications recommended to manage neuropathic pain in Australia

Completed on

22 April 2019 (duration of 1 hour/s)

This equates to 1 CPD Hour/s (Continuing Professional Development)

REFLECTION:

Nurses understand the impact of chronic pain on patients, their lifestyle and their families. The current definition of neuropathic pain used by the International Association for the Study of Pain (IASP) is 'pain caused by a lesion or disease of the somatosensory system'. This session reviews current diagnosis and treatment options in Australia.
