This is to certify that

Caleb Fellowes

completed an online educational tutorial and assessment with the

Australian Nursing and Midwifery Federation

on 23rd December, 2020

Preoperative and Postoperative Care

This course will focus on both the preoperative and postoperative phases of surgery and nursing considerations for each stage. It will also look at common complications which can occur following surgery and the management of the surgical patient.

Explain the importance of informed consent.

Describe the physical preparation of a patient for surgery.

Identify patients with special considerations.
