NCI™
NURSING CPD INSTITUTE

Certificate of Completion

THIS CERTIFIES THAT

CALEB FELLOWES

has participated in the following education session:

Obstetrics and Maternity Patient Blood Management Guidelines

Presenter The Nursing CPD Institute

In this session you will:
• Learn about the management of anaemia in pregnant women
• Receive information regarding the criteria and circumstances to be considered prior to administering blood and related blood products
• Gain knowledge to support contemporary transfusion work practices
• Receive information regarding considerations to be taken when caring for women from specific populations

Completed on

01 May 2019 (duration of 1 hour/s)

This equates to 1 CPD Hour/s (Continuing Professional Development)

REFLECTION:

Midwives regularly participate in Patient Blood Management (PBM) and are required to be up to date with related clinical practice recommendations and guidelines. The National Blood Authority of Australia has recently published the document Patient Blood Management Guidelines: Module 5 Obstetrics and Maternity. This document is approved by the National Health and Medical Research Council.
